# 1992 INDEX

## 1992 *General Dentistry* Index, Volume 40

## Author Index

***Note: Numerals in parentheses refer to issue numbers; numerals following a colon refer to page numbers. A subject index follows this author index.***

**Allison EJ.** Surgical management of the fractured tooth. (3):204-209
**Anderson LD** see Imbery TA
**Antonelli J** see Cooper H
**Arcoria CJ, Kelly GT, Icenhower TJ, Wagner MJ.** Microleakage in amalgam restorations following burnishing, polishing, and time-varied thermocycling. (5):421-424
**Ashman A.** Clinical applications of synthetic bone in dentistry, part I. (6):481-487
**Augsburger RA** see Wong MT
**Ayoub ST, Coleman AE.** A review of local anesthetics. (4):285-290
**Bartley MH** see Rosenstein DL
**Baum L** see Pence B, Sr.
**Becker DE.** Considerations for selecting effective analgesic regimens in dental practice. (2):111-116
**Black KM.** Use of amalgam (letter). (6):456
**Blankstein KC** see Carter TB
**Bodai CF, DiFiore PM.** Subcutaneous emphysema in dental practice. (4):324-328
**Botsch H** see Neumeyer S
**Bowles WH.** Skin tumors may imitate infectious processes. (2):132-134
**Boyd JS.** Praise for editorial on dental board examinations (letter). (1):10
**Burston WA** see Jones TK
**Camm JH** see Imbery TA
**Carter SD.** How effective are masks in the prevention of AIDS? (letter). (4):272, 274
**Carter TB, Blankstein KC, White RP, Jr.** Severe odontogenic infection associated with disseminated intravascular coagulation. (5):428-431
**Cashman MA.** Dental board exams protect the public (letter). (2):99
**Caso JS.** Galvanic action. (5):426-427
**Chasteen JE** see Passon C
**Chiodo GT** see Rosenstein DL
**Chiodo GT, Tolle SW.** A challenge to doctor-patient confidentiality: when HIV-positive patients refuse disclosure to spouses. (4):275-277
An analysis of the ethics of health care providers with HIV. (6):460-466
Can a rational patient make an irrational choice? The dental amalgam controversy. (3):184-187
Diminished autonomy: can a person with dementia consent to dental treatment? (5):372-373
**Chmar AJ, Hoffman GF.** Stamp of approval (letter). (3):182
**Christensen RP.** Are face masks effective barriers for viruses? (response to letter). (3):178, 182
Truth unmasked (letter). (2):96
**Clem DB, Skirvin DR, Sodetani A.** Stabilized baseplates: a technique. (2):124-125
**Clepper DP.** Specialties pose special problems (letter). (3):182
**Cliff JA.** Economic trends in dentistry, 1974-1990. (5):410-413
**Coffin SA.** Nursing difficulties related to ankyloglossia (letter). (1):12
**Coleman AE** see Ayoub ST
**Convissar RA, Massoumi-Sourey M.** Recurrent aphthous ulcers: etiology and laser ablation. (6):512-515
**Cooper H, Scherer W, Antonelli J.** Autogenous transplant involving a supernumerary tooth. (5):432-433
**Damm DD, Fantasia JE.** Chronic lingual ulceration. (2):102, 148
Enlarging radiolucency associated with a third molar. (6):475, 521
Erythematous zone of the floor of the mouth. (6):475, 521
Exophytic mass of the alveolar ridge. (1):52, 62
Recurring palatal ulceration. (2):102, 148
Unusual mandibular lateral incisor. (1):52, 62
**Damm DD** see Fantasia JE
**Delzer DD** see Phillips JD
**DeVoll RE** see Hays GL
**DiFiore PM** see Bodai CF
**Douglas BL.** Stop the British-bashing (letter). (3):176

**Christensen RP.** Are face masks effective barriers for viruses? (response to letter). (3):178, 182
Truth unmasked (letter). (2):96
**Clem DB, Skirvin DR, Sodetani A.** Stabilized baseplates: a technique. (2):124-125
**Clepper DP.** Specialties pose special problems (letter). (3):182
**Cliff JA.** Economic trends in dentistry, 1974-1990. (5):410-413
**Coffin SA.** Nursing difficulties related to ankyloglossia (letter). (1):12
**Coleman AE** see Ayoub ST
**Convissar RA, Massoumi-Sourey M.** Recurrent aphthous ulcers: etiology and laser ablation. (6):512-515
**Cooper H, Scherer W, Antonelli J.** Autogenous transplant involving a supernumerary tooth. (5):432-433
**Damm DD, Fantasia JE.** Chronic lingual ulceration. (2):102, 148
Enlarging radiolucency associated with a third molar. (6):475, 521
Erythematous zone of the floor of the mouth. (6):475, 521
Exophytic mass of the alveolar ridge. (1):52, 62
Recurring palatal ulceration. (2):102, 148
Unusual mandibular lateral incisor. (1):52, 62
**Damm DD** see Fantasia JE
**Delzer DD** see Phillips JD
**DeVoll RE** see Hays GL
**DiFiore PM** see Bodai CF
**Douglas BL.** Stop the British-bashing (letter). (3):176

**DuCoin FJ.** Implantology: a new specialty? (letter). (6):456
**Eagle JC, Jr.** see Leonard RH, Jr.
**Eames WB.** The rocky road: a perspective on dental students and faculty members. (1):50-51
**Eikenberg S** see Jones TK
**Eisendrath S** see MacKay S
**Evans CE** see Fischer GM
**Fantasia JE, Damm DD.** Expansile bone lesion. (3):198, 252
Linear erosions of the vestible. (4):231-282
Multiple oral ulcers. (3):198, 252
Nodular lesion of the lower lip. (5):378, 435
Patchy erythematous mucosa. (4):281-282
Perforating soft tissue involving the crown of a maxillary incisor. (5):378, 435
**Fantasia JE** see Damm DD
**Fay MF, Sullivan RW, Markovic ER.** Changing dental requirements for glove selection and hand protection. (6):489-494
**Ferracane JL.** Amalgam-derived mercury. (3):223-229
**Fischer GM, Evans CE.** A three-rooted mandibular second premolar. (2):139-140
**Forgue JP** see Mosgrove V
**Forte PF.** Subcutaneous emphysema involving a week-old surgical site. (3):238-240
**Foti S.** AGD SmileLine: a public service. (6):474
**Gernet W** see Neumeyer S
**Glick FS.** The price of infection control (letter). (5):352, 354
**Goshorn BI** see Kassebaum DK
**Grace EG** see Kelly MA
**Haas RC.** Recapping needles to avoid risks (letter). (1):10, 12
**Harnick DJ.** Interceptive or deceptive? (letter). (2):96
Play the devil's advocate (letter). (5):352
**Hatch RA** see Passon C
**Hays GL, McMahon JC, Zimmerman SJ, Lusk SS, DeVoll RE.** Screening for cardiovascular disease. (1):26-29
**Hellekes E** see Neumeyer S
**Hoffman GF** see Chmar AJ
**Horowitz LG.** Audiotaped relaxation, implosion, and rehearsal for the treatment of patients with dental phobia. (3):242-247
**Howard WW.** Building self-esteem (editorial). (3):174
Cracked-tooth symptoms: why wait? (editorial). (2):94
Dental board exams protect the public (response to letter). 2:100
Our 40th year (editorial). 4:270
Prepayment aggravations (editorial). (6):454
The high cost of "free" health care (editorial). (1):6
Third molar extractions: conflict of interest? (response to letter). (3):176
Tools vs. instruments, prices vs. fees (editorial). (5):350
**Icenhower TJ** see Arcoria CJ
**Imbery TA, Camm JH, Anderson LD.** Dental management of a patient with aplastic anemia. (4):316-318
**Jerome CE.** Effective methods for drying root canals. (5):400
**Johnson CG** ...And bravo again re: insight on board exams (letter). (3):182
**Johnson JD** see von Fraunhofer JA
**Jones GA, Woods MA.** State radiation safety laws and the dental office. (4):329-332
**Jones TK, Burston WA, Eikenberg S, Leser C, Miller RH, Mock ES.** Use of a portable X-ray device during Operation Desert Storm. (3):210-211
**Kappert HF** see Neumeyer S
**Kassebaum DK, Stoller NH, Goshorn BI.** Radiographic techniques for presurgical assessment of dental implant sites. (6):502-505
**Kaugars GE** see Sinz DE
**Kay L.** Suggestions for incest survivors in your practice (letter). (1):8, 10.
**Keller DC.** Wanted: opportunities to write for orthodontic journals (letter). (1):12-13
**Kelly GT** see Arcoria CJ
**Kelly MA, Grace EG, Wisnom C.** Abuse of older persons: detection and prevention by dental professionals. (1):30-33
**Knight LD.** Use of porcelain for treating a maxillary central diastema. (6):498-499
**Koch MO** see Ruff JC
**Krywolap GN** see Page LR
**Kunzel C** see Sadowsky D
**Lazarchik DA.** More praise for Rx today (letter). (2):96
**Lee MW** see Pence B, Sr.
**Leonard RH, Jr., Eagle JC, Jr.** Developing an effective occupational exposure policy for the dental office. (5):379-388
**Leser C** see Jones TK
**Little JW, Rhodus NL.** Dental management of the heart transplant patient. (2):126-131
**Lusk SS** see Hays GL
**Lynne S.** HR 2691 prevents discrimination (letter). (1):13
**Lyons T.** Growth of the dental laboratory industry. (6):468-473
**MacKay S, Eisendrath S.** Adverse reaction to dental corticosteroids. (2):136-138
**Magaziner F.** Eliminate blockers or remove tissue p.r.n.? (letter). (1):12
**Malick AH.** Immediate provisional restoration during active orthodontic therapy. (1):48-49
**Margaret BS** see Page LR
**Markovic ER** see Fay MF
**Massoumi-Sourey M** see Convissar RA
**Mayes JO.** Ideas for Rx today: no sooner said than done (letter). (2):96
**Mazer MS.** Geriatric pharmacology and dental implications. (3):215-220
**McMahon JC** see Hays GL
**Miller RH** see Jones TK
**Mock ES** see Jones TK
**Mosgrove V, Forgue JP.** The Academy of General Dentistry—continued success for 40 years. (5):356-370
**Mounsdon TA** see Richardson WI
**Neiburger EJ.** Are face masks effective barriers for viruses? (letter). (3):178
**Neumeyer S, Gernet W, Kappert HF, Hellekes E, Botsch H.** PCR pin-anchored anterior fracture restorations. (3):200-202
**Nguyen AMH.** Dental management of patients who receive chemo- and radiation therapy. (4):305-311
**Norwood WK.** Putting our house in order (letter). (2):100
**Orlow H.** Looking for a stringer? (letter). (2):100
**Page LR, Margaret BS, Krywolap GN.** Soft-tissue management through effective patient subgingival bacterial control. (5):404-408
**Palou ME** see Phillips JD
**Panzarella CT.** Third molar extractions: conflict of interest? (letter). (3):176
**Passon C, Hatch RA, Chasteen JE.** Route of entry of vapors into anesthetic cartridges. (4):293-297
**Pence B, Sr., Lee MW, Baum L.** Transitional dentures: a better immediate prosthesis leads to successful restoration. (4):319-323
**Perkins S** see Ruff JC
**Phillips JD, Delzer DD.** Unilateral bifid mandibular condyle. (5):425
**Phillips JD, Palou ME.** A review of the guided tissue regeneration concept. (2):118-123
**Plack WF III.** An inexpensive method of drying etched enamel tooth surface. (5):402
**Politis CL** see Rada RE
**Quarnstrom FC** see Standaert-Askins M
**Rada RE, Politis CL.** Periodontal-restorative considerations in the management of gingival palatal

inflammatory hyperplasia. (1):37-39
**Rayman MS.** Recapping needles (letter). (5):354
**Reed KL.** Sonic scalers: a review. (1):34-36
**Rhodus NL** see Little JW
**Richardson WL, Mounsdon TA.** Lingual lipoma. (1):45-47
**Rogers J** see White CS
**Rosenstein DL, Chiodo GT, Bartley MH.** Unusual presentation of non-Hodgkin's lymphoma in a patient with HIV. (1):40-42
**Rosso MA.** Congratulations (letter). (4):274
**Ruff JC, Koch MO, Perkins S.** Bulimia: dentomedical complications. (1):22-25
**Sadowsky D, Kunzel C.** Continuing education and patients with HIV: attitudes, perceived risk, and willingness to treat. (3):212-214
**Scherer W** see Cooper H
**Shepard LI.** A personal remembrance of Dr. Louis I. Grossman. (2):141-142
**Sinz DE, Kaugars GE.** Corticosteroid therapy in general dental practice. (4):298-299
**Skirvin DR** see Clem DB
**Smith DT.** Praise for self-instruction (letter). (4):274
**Sodetani A** see Clem DB
**Standaert-Askins M, Quarnstrom FC.** Comparison of 3 automatic blood pressure screening devices. (6):496-497
**Stoller NH** see Kassebaum DK
**Sullivan RW** see Fay MF
**Supan P.** Can a GP author break into an orthodontic publication? (letter). (3):178
**Tolle SW** see Chiodo GT
**von Fraunhofer JA, Johnson JD.** A new surgical needle for periodontology. (5):418-420
**Wagner MJ** see Arcoria CJ
**Weclew TV.** Does general dentistry need an advanced degree? (letter). (4):274
**Weinstein BD.** Ethics and its role in dentistry. (5):414-417
**Weisenfeld M.** Third molar extractions: conflict of interest? (response to letter). (3):176, 178
**White CS, Rogers J.** Erupted compound odontoma: review and case report. (1):43-44
**White RP, Jr.** see Carter TB
**Winland RD.** Interceptive or deceptive? (response to letter). (2):96
**Wisnom C** see Kelly MA
**Wong MT, Augsburger RA.** Management of dens evaginatus. (4):300-303
**Woods MA** see Jones GA
**Wright EF.** Diagnosis, treatment, and prevention of incomplete tooth fractures. (5):390-396
**Wynn RL.** Antidepressant medications. (3):192-197
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. (1):18-20; part two. (2):104-110
Drugs approved by the FDA in 1991. (4):278-280
Eliminate blockers or remove tissue p.r.n.? (response to letter). (1):12
Ideas for Rx today: no sooner said than done (response to letter). (2):96, 98-99
Ketorolac (Toradol) for dental pain. (6):476-479
The top 20 prescribed medications in 1991. (5):374-377
**Ziegler ML.** Exfoliation or eruption? (letter). (1):13
**Zimmerman SJ** see Hays GL

# Subject Index

***Note: Numerals in parentheses refer to issue numbers; numerals following a colon refer to page numbers.***

## A

**Abscess, periodontal**
Immediate provisional restoration during active periodontal therapy. Malick AH. (1):48-49
**Abuse** see Adult abuse, Child abuse, Drug abuse
**Academy of General Dentistry**
1991-92 Directory. (1):86
1992-93 Councils and committees. (5):446
1992-93 Directory. (5):445
Our 40th year (editorial). Howard WW. (4):270
**Academy of General Dentistry, CE sponsor approval**
Automatic approval ends soon for many CE sponsors. (3):188-190
**Academy of General Dentistry, Foundation**
Charles Reich elected to AGD Foundation board. (1):16
Foundation implements expanded agenda; list of contributors. (2):155-156
**Academy of General Dentistry, History**
The Academy of General Dentistry—continued success for 40 years. Mosgrove V, Forgue JP. (5):356-370
**Academy of General Dentistry, Journal**
Instructions for authors. (3):263-264
1991 Annual Index. (1):75-85
1991 Reviewers List. (1):73-74
**Access** see Dental care access
**Acetaminophen**
Considerations for selecting effective analgesic regimens in dental practice. Becker DE. (2):111-116
**Adult abuse**
Abuse of older persons: detection and prevention by dental professionals. Kelly MA, et al. (1):30-33
**Adverse reaction**
Adverse reaction to dental corticosteroids. MacKay S, Eisendrath S. (2):136-138
Antidepressant medications. Wynn RL. (3):192-197
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
**AIDS**
A challenge to doctor-patient confidentiality: when HIV-positive patients refuse disclosure to spouses. Chiodo GT, Tolle SW. (4):275-277
How effective are dental masks in the prevention of AIDS? (letter). Carter SD. (4):272-273
Unusual presentation of non-Hodgkin's lymphoma in a patient with HIV. Rosenstein DL, et al. (1):40-42
**Alprazolam**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Amalgam**
Amalgam-derived mercury. Ferracane JL. (3):223-229
Can a rational patient make an irrational choice? The dental amalgam controversy. Chiodo GT, Tolle SW. (3):184-187
Microleakage in amalgam restorations following burnishing, polishing, and time-varied thermocycling. Arcoria CJ, et al. (5):421-424
Use of amalgam (letter). Black KM. (6):456
**Amoxicillin**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Analgesia**
Considerations for selecting effective analgesic regimens in dental practice. Becker DE. (2):111-116
**Anamnesis** see Patient history
**Anatomy**
A three-rooted mandibular second premolar. Fischer GM, Evans CE. (2):139-140
Unilateral bifid mandibular condyle. Phillips JD, Delzer DD. (5):425
Unusual mandibular lateral incisor. Damm DD, Fantasia JE. (1):52, 62
**Anemia, aplastic**
Dental management of a patient with aplastic anemia. Imbery TA, et al.

(4):316-318
**Anesthetic, local**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
Local anesthetics and drug interactions (self-assessment quiz No. 60). (1):58, 60-62
**Anesthetic, local, cartridge**
Route of entry of vapors into local anesthetic cartridges. Passon C, et al. (4):293-297
**Ankyloglossia**
Nursing difficulties related to ankyloglossia (letter). Coffin SA. (1):12
**Anticholinergic drugs**
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
**Anticoagulants**
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
**Antihypertensive drugs**
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
**Anti-inflammatory agents**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
Considerations for selecting effective analgesic regimens in dental practice. Becker DE. (2):111-116
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20; part two. (2):104-110
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
**Articaine**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
**Aspirin**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20
**Atenolol**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Audiotape therapy**
Audiotaped relaxation, implosion, and rehearsal for the treatment of patients with dental phobia. Horowitz LG. (3):242-247

## B

**Bacteria, oral**
Soft-tissue management through effective patient subgingival bacterial control. Page LR, Margaret BS, Krywolap GN. (5):404-408
**Barbiturates**
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
**Barrier technique**
Changing dental requirements for glove selection and hand protection. Fay MF, et al. (6):489-494
**Benzodiazepine**
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Blood pressure**
Comparison of 3 automatic blood pressure screening devices. Standaert-Askins M, Quarnstrom FC. (6):496-497
**Bonding**
Dentin-resin and metal-resin bonding (self-assessment quiz No. 65). (6):516, 519-521
**Bone, synthetic**
Clinical applications of synthetic bone in dentistry, part I. Ashman A. (6):481-487
**Breast-feeding**
Nursing difficulties related to ankyloglossia (letter). Coffin SA. (1):12
**Bulimia**
Bulimia: dentomedical complications. Ruff JC, et al. (1):22-25
**Bupivacaine**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290

## C

**Calcium channel blockers**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part two. Wynn RL. (2):104-110
Eliminate blockers or remove tissue p.r.n? (letter). Magaziner F. (1):12; (response to letter). Wynn RL. (1):12
**Carcinoma, squamous cell**
Nodular lesion of the lower lip. Fantasia JE, Damm DD. (5):378, 435
**Cardiovascular disease**
Screening for cardiovascular disease. Hays GL, et al. (1):26-29
**Caries**
Dental management of a patient with aplastic anemia. Imbery TA, et al. (4):316-318
**Captopril**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Cephalosporin**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Chemotherapy**
Dental management of patients who receive chemo- and radiation therapy. Nguyen AMH. (4):305-311
**Child abuse**
Suggestions for incest survivors in your practice (letter). Kay L. (1):8, 10
**Cimetidine**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Clavulanic acid**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Clinical trials**
Clinical trials inform dentists about products. (1):14
**Condyle, mandibular**
Unilateral bifid mandibular condyle. Phillips JD, Delzer DD. (5):425
**Confidentiality**
A challenge to doctor-patient confidentiality: when HIV-positive patients refuse disclosure to spouses. Chiodo GT, Tolle SW. (4):275-277
**Consent, informed**
Diminished autonomy: can a person with dementia consent to dental treatment? Chiodo GT, Tolle SW. (5):372-373
**Continuing education, dental** see Dental education, continuing
**Corticosteroids**
Adverse reaction to dental corticosteroids. MacKay S, Eisendrath S. (2):136-138
Corticosteroid therapy in general dental practice. Sinz DE, Kaugars GE. (4):298-299
**Cyclosporine**
Dental management of the heart transplant patient. Little JW, Rhodus NL. (2):126-131
**Cyst, dentigerous**
Enlarging radiolucency associated with a third molar. Damm DD, Fantasia JE. (6):475, 521

## D

**Dens evaginatus**
Management of dens evaginatus. Wong MT, Augsburger RA. (4):300-303
**Dental care**
Cracked-tooth symptoms: why wait? (editorial). Howard WH. (2):94
**Dental care access**
The high cost of "free" health care (editorial). Howard WW. (1):6
**Dental education**
Federal funds aid disadvantaged scholars. (1):16
The rocky road: a perspective on dental students and faculty members. Eames WB. (1):50-51
**Dental education, continuing**
Automatic approval ends soon for many CE sponsors. (3):188-190
Does general dentistry need an advanced degree? (letter). Weclew TV. (4):274
Our 40th year (editorial). Howard WW. (4):270
Praise for self-instruction (letter). Smith DT. (4):274
**Dental fees**
Prepayment aggravations (editorial). Howard WW. (6):454
The ABC's of dental reimbursement

(book review). Johnson BL, Petty RO. (6):522-523
**Dental history**
Growth of the dental laboratory industry. Lyons T. (6):468-473
**Dental implant**
Implantology: a new specialty? (letter). DuCoin FJ. (6):456
Radiographic techniques for presurgical assessment of dental implant sites. Kassebaum DK, et al. (6):502-505
**Dental instrument**
Periodontal instrumentation, 2nd ed. (book review). Pattison AM, Pattison GL. (2):159
Sonic scalers: a review. Reed KL. (1):34-36
**Dental insurance**
Cracked-tooth symptoms: why wait? (editorial). Howard WW. (2):94
Stop the British-bashing (letter). Douglas BL. (3):176
**Dental laboratory technology**
Growth of the dental laboratory industry. Lyons T. (6):468-473
Stabilized baseplates: a technique. Clem DB, et al. (2):124-125
**Dental materials**
PCR pin-anchored anterior fracture restorations. Neumeyer S, et al. (3):200-202
**Dental practice**
Dentistry in the 21st century: a global perspective (book review). Simonsen RJ, ed. (1):64
Diminished autonomy: can a person with dementia consent to dental treatment? Chiodo GT, Tolle SW. (5):372-373
**Dental practice, regulation**
Developing an effective occupational exposure policy for the dental office. Leonard RH, Jr., Eagle JC, Jr. (5):379-388
Ethics and its role in dentistry. Weinstein BD. (5):414-417
**Dental publishing**
Can a GP author break into an orthodontic publication? (letter). Supan P. (3):178
Exfoliation or eruption? (letter). Ziegler ML. (1):13
Looking for a stringer? (letter). Orlow H. (2):100
Wanted: opportunities to write for orthodontic journals (letter). Keller DC. (1):12-13
**Dental specialties**
Implantology: a new specialty? (letter). DuCoin FJ. (6):456
Specialties pose special problems (letter). Clepper DP. (3):182
**Dentist-patient relationship**
An analysis of the ethics of health care providers with HIV. Chiodo GT, Tolle SW. (6):460-466
Continuing education and patients with HIV: attitudes, perceived risk, and willingness to treat. Sadowsky D, Kunzel C. (3):212-214
**Denture, immediate**
Transitional dentures: a better immediate prosthesis leads to successful restoration. Pence B, Sr., et al. (4):319-323
**Denture, partial**
Periodontal-restorative considerations in the management of gingival palatal inflammatory hyperplasia. Rada RE, Politis CL. (1):37-39
**Denture, removable**
Periodontal-restorative considerations in the management of gingival palatal inflammatory hyperplasia. Rada RE, Politis CL. (1):37-39
**Denture, temporary**
Immediate provisional restoration during active orthodontic therapy. Malick AH. (1):48-49
Transitional dentures: a better immediate prosthesis leads to successful restoration. Pence B, Sr., et al. (4):319-323
**Depression**
Antidepressant medications. Wynn RL. (3):192-197
**Devices, dental**
Use of a portable X-ray device during Operation Desert Storm. Jones TK, et al. (3):210-211
**Diagnosis**
Chronic lingual ulceration. Damm DD, Fantasia JE. (2):102, 148
Diagnosis, treatment, and prevention of incomplete tooth fractures. Wright EF. (5):390-396
Enlarging radiolucency associated with a third molar. Damm DD, Fantasia JE. (6):475, 521
Erythematous zone of the floor of the mouth. Damm DD, Fantasia JE. (6):475, 521
Expansile bone lesion. Fantasia JE, Damm DD. (3):198, 252
Galvanic action. Caso JS. (5):426-427
Linear erosions of the vestibule. Fantasia JE, Damm DD. (4):281-282
Multiple oral ulcers. Fantasia JE, Damm DD., (3):198, 252
Nodular lesion of the lower lip. Fantasia JE, Damm DD. (5):378, 435
Patchy erythematous mucosa. Fantasia JE, Damm DD. (4):281-282
Perforating soft tissue involving the crown of a maxillary incisor. Fantasia JE, Damm DD. (5):378, 435
Recurrent aphthous ulcers: etiology and laser ablation. Convissar RA, Massoumi-Sourey M. (6):512-515
Recurring palatal ulceration. Damm DD, Fantasia JE. (2):102, 148
**Diagnosis, differential**
Exophytic mass of the alveolar ridge. Damm DD, Fantasia JE. (1):52, 62
Skin tumors may imitate infectious processes. Bowles WH. (2):132-134
Subcutaneous emphysema involving a week-old extraction site. Forte PF. (3):238-240
Unusual mandibular lateral incisor. Damm DD, Fantasia JE. (1):52, 62
**Diflunisal**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20
**Diltiazem**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Diuretic abuse**
Bulimia: dentomedical complications. Ruff JC, et al. (1):22-25
**Drug interactions**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20; part two. (2):104-110
**Doctor-patient relationship**
A challenge to doctor-patient confidentiality: when HIV-positive patients refuse disclosure to spouses. Chiodo GT, Tolle SW. (4):275-277
**Drug contamination**
Route of entry of vapors into local anesthetic cartridges. Passon C, et al. (4):293-297
**Drug interactions**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Drugs, new**
Drugs approved by the FDA in 1991. Wynn RL. (4):278-280
New drugs (self-assessment quiz No. 63). (4):333-335
**Dysplasia, epithelial**
Erythematous zone of the floor of the mouth. Damm DD, Fantasia JE. (6):475, 521

## E

**Economics, dental**
Economic trends in dentistry, 1974-1990. Cliff JA. (5):410-413
**Education, dental continuing** see Dental education, continuing
**Embryology**
Erupted compound odontoma: review and case report. White CS, Rogers J. (1):43-44
**Emergency, dental**
Medical and dental emergencies (self-assessment quiz No. 61). (2):147-152
**Emphysema, subcutaneous**
Subcutaneous emphysema in dental practice. Bodai CF, DiFiore PM. (4):324-328
Subcutaneous emphysema involving a

week-old extraction site. Forte PF. (3):238-240
**Enalapril**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Enamel, dental**
Enamel microabrasion (book review). Croll TP, ed. (3):257-258
**Enamel, etched**
An inexpensive method of drying etched enamel tooth surface. Plack WF III. (5):402
**Endocarditis, bacterial**
Dental management of the heart transplant patient. Little JW, Rhodus NL. (2):126-131
**Endodontics**
Effective methods for drying root canals. Jerome CE. (5):400
**Erosion, enamel**
Bulimia: dentomedical complications. Ruff JC, et al. (1):22-25
**Esthetics, dental**
Use of porcelain for treating a maxillary central diastema. Knight LD. (6):498-499
**Ethics**
A challenge to doctor-patient confidentiality: when HIV-positive patients refuse disclosure to spouses. Chiodo GT, Tolle SW. (4):275-277
An analysis of the ethics of health care providers with HIV. Chiodo GT, Tolle SW. (6):460-466
Can a rational patient make an irrational choice? The dental amalgam controversy. Chiodo GT, Tolle SW. (3):184-187
Cracked-tooth symptoms: why wait? (editorial). Howard WW. (2):94
Diminished autonomy: can a person with dementia consent to dental treatment? Chiodo GT, Tolle SW. (5):372-373
Ethics and its role in dentistry. Weinstein BD. (5):414-417
Prepayment aggravations (editorial). Howard WW. (6):454
**Etidocaine**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290

## F

**Face masks**
How effective are dental masks in the prevention of AIDS? (letter). Carter SD. (4):272, 274
Truth unmasked (letter). Christensen RP. (2):96
**Fees, dental**
The price of infection control (letter). Glick FS. (5):352, 354
**Film, dental radiographic**
Use of a portable X-ray device during Operation Desert Storm. Jones TK, et al. (3):210-211
**Fluocinonide**
Corticosteroid therapy in general dental practice. Sinz DE, Kaugars GE. (4):298-299
**Fluoxetine**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Food and Drug Administration**
Drugs approved by the FDA in 1991. Wynn RL. (4):278-280
**Furosemide**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part two. Wynn RL. (2):104-110

## G

**Galvanism**
Galvanic action. Caso JS. (5):426-427
**Geriatric dentistry**
Abuse of older persons: detection and prevention by dental professionals. Kelly MA, et al. (1):30-33
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
**Gingival hyperplasia** see Hyperplasia, gingival
**Glossitis**
Chronic lingual ulceration. Damm DD, Fantasia JE. (2):102, 148
Recurring palatal ulceration. Damm DD, Fantasia JE. (2):102, 148
**Gloving**
Changing dental requirements for glove selection and hand protection. Fay MF, et al. (6):489-494
**Grossman LI**
A personal remembrance of Dr. Louis I. Grossman. Shepard LI. (2):141-142
GTR see Guided tissue regeneration
**Guided tissue regeneration**
A review of the guided tissue regeneration concept. Phillips JD, Palou ME. (2):118-123
Clinical applications of synthetic bone in dentistry, part I. Ashman A. (6):481-487

## H

**Handpiece, dental air turbine**
Subcutaneous emphysema involving a week-old extraction site. Forte PF. (3):238-240
**HBV** see Hepatitis B virus
**Health insurance system**
The high cost of "free" health care (editorial). Howard WW. (1):6
**Health screening**
Comparison of 3 automatic blood pressure screening devices. Standaert-Askins M, Quarnstrom FC. (6):496-497
**Heart transplant**
Dental management of the heart transplant patient. Little JW, Rhodus NL. (2):126-131
**Hepatitis B virus**
Developing an effective occupational exposure policy for the dental office. Leonard RH, Jr., Eagle JC, Jr. (5):379-388
**Histiocytosis, Langerhans' cell**
Enlarging radiolucency associated with a third molar. Damm DD, Fantasia JE. (6):475, 521
**History, dental**
A personal remembrance of Dr. Louis I. Grossman. Shepard LI. (2):141-142
Economic trends in dentistry, 1974-1990. Cliff JA. (5):410-413
Our 40th year (editorial). Howard WW. (4):270
The Academy of General Dentistry—continued success for 40 years. Mosgrove V, Forgue JP. (5):356-370
**HIV** see Human immunodeficiency virus
**HTR polymer** see Polymer, hard tissue replacement
**Human immunodeficiency virus**
An analysis of the ethics of health care providers with HIV. Chiodo GT, Tolle SW. (6):460-466
Continuing education and patients with HIV: attitudes, perceived risk, and willingness to treat. Sadowsky D, Kunzel C. (3):212-214
Developing an effective occupational exposure policy for the dental office. Leonard RH, Jr., Eagle JC, Jr. (5):379-388
Unusual presentation of non-Hodgkin's lymphoma in a patient with HIV. Rosenstein DL, et al. (1):40-42
**Hyperplasia, gingival**
Dental management of the heart transplant patient. Little JW, Rhodus NL. (2):126-131
Eliminate blockers or remove tissue p.r.n.? (letter). Magaziner F. (1):12; (response to letter). Wynn RL. (1):12
Periodontal-restorative considerations in the management of gingival palatal inflammatory hyperplasia. Rada RE, Politis CL. (1):37-39
**Hyperplasia, palatal**
Periodontal-restorative considerations in the management of gingival palatal inflammatory hyperplasia. Rada RE, Politis CL. (1):37-39

## I

**Ibuprofen**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20
**Immunology**
Periodontal disease: pathogens and

host immune responses (book review). Hamada S, Holt SC, McGhee JR. (2):158-159
**Immunosuppression**
Dental management of the heart transplant patient. Little JW, Rhodus NL. (2):126-131
**Implant, dental** see Dental implant
**Incest**
Suggestions for incest survivors in your practice (letter). Kay L. (1):8, 10
**Indomethacin**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20
**Infant care**
Nursing difficulties related to ankyloglossia (letter). Coffin SA. (1):12
**Infection control**
A challenge to doctor-patient confidentiality: when HIV-positive patients refuse disclosure to spouses. Chiodo GT, Tolle SW. (4):275-277
Are face masks effective barriers for viruses? (letter). Neiburger EJ. (3):178; (response to letter). Christensen RP. (3):178, 182
Changing dental requirements for glove selection and hand protection. Fay MF, et al. (6):489-494
Continuing education and patients with HIV: attitudes, perceived risk, and willingness to treat. Sadowsky D, Kunzel C. (3):212-214
How effective are dental masks in the prevention of AIDS? (letter). Carter SD. (4):272, 273
Recapping needles (letter). Rayman MS. (5):354
Recapping needles to avoid risks (letter). Haas RC. (1):10, 12
The price of infection control (letter). Glick FS. (5):352, 354
**Infection, odontogenic**
Severe odontogenic infection associated with disseminated intravascular coagulation. Carter TB, et al. (5):428-431
**Infection, skin**
Skin tumors may imitate infectious processes. Bowles WH. (2):132-134
**Informed consent**
Can a rational patient make an irrational choice? The dental amalgam controversy. Chiodo GT, Tolle SW. (3):184-187
**Injury, facial**
Linear erosions of the vestibule. Fantasia JE, Damm DD. (4):281-282
**Injury, iatrogenic**
Subcutaneous emphysema in dental practice. Bodai CF, DiFiore PM. (4):324-328
**Instrument, dental**
Developing an effective occupational exposure policy for the dental office. Leonard RH, Jr., Eagle JC, Jr. (5):379-388
Economic trends in dentistry, 1974-1990. Cliff JA. (5):410-413
Subcutaneous emphysema in dental practice. Bodai CF, DiFiore PM. (4):324-328
**Insurance, dental**
Prepayment aggravations (editorial). Howard WW. (6):454
**Intravascular coagulation**
Severe odontogenic infection associated with disseminated intravascular coagulation. Carter TB, et al. (5):428-431

## J

**Journal, dental**
Play the devil's advocate (letter). Harnick DJ. (5):352

## L

**Laser therapy**
Recurrent aphthous ulcers: etiology and laser ablation. Convissar RA, Massoumi-Sourey M. (6):512-515
**Laws**
Ethics and its role in dentistry. Weinstein BD. (5):414-417
**Levothyroxine**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Lesion, self-induced**
Linear erosions of the vestibule. Fantasia JE, Damm DD. (4):281-282
**Licensure**
...And bravo again re: insight on board exams (letter). Johnson CG. (3):182
Dental board exams protect the public (letter). Cashman MA. (2):99
HR 2691 prevents discrimination (letter). Lynne S. (1):13
Praise for editorial on dental board examinations (letter). Boyd JS. (1):10
Putting our house in order (letter). Norwood WK. (2):100
**Lidocaine**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
**Lipoma**
Lingual lipoma. Richardson WL, Mounsdon TA. (1):45-47
**Lithium**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part two. Wynn RL. (2):104-110
**Lymphoma, non-Hodgkin's**
Unusual presentation of non-Hodgkin's lymphoma in a patient with HIV. Rosenstein DL, et al. (1):40-42

## M

**Mandible**
Unilateral bifid mandibular condyle. Phillips JD, Delzer DD. (5):425
**Mepivacaine**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
**Mercury**
Amalgam-derived mercury. Ferracane JL. (3):223-229
**Microleakage**
Microleakage in amalgam restorations following burnishing, polishing, and time-varied thermocycling. Arcoria CJ, et al. (5):421-424
**Morality**
Diminished autonomy: can a person with dementia consent to dental treatment? Chiodo GT, Tolle SW. (5):372-373.
Ethics and its role in dentistry. Weinstein BD. (5):414-417

## N

**Naprosyn**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Naproxen**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20
**Narcotics**
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
**Necrosis, anesthetic**
Recurring palatal ulceration. Damm DD, Fantasia JE. (1):102, 148
**Needle, injection**
Developing an effective occupational exposure policy for the dental office. Leonard RH, Jr., Eagle JC, Jr. (5):379-388
Recapping needles (letter). Rayman MS. (5):354
Recapping needles to avoid risks (letter). Haas RC. (1):10, 12
**Needle, surgical**
A new surgical needle for periodontology. von Fraunhofer JA, Johnson JD. (5):418-420
**Neoplasm, benign**
Lingual lipoma. Richardson WL, Mounsdon TA. (1):45-47
**Nifedipine**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Nonsteroidal anti-inflammatory drugs**
Ketorolac (Toradol) for dental pain. Wynn RL. (6):476-479
**NSAID** see Anti-inflammatory agents, Nonsteroidal anti-inflammatory drugs
**Nutrition**
Nutrition (self-assessment quiz No. 64). (5):434, 436-438

## O

**Occlusion**
Equilibration in the natural and restored dentition (book review). Smukler H, ed. (1):64
Occupational Safety and Health Administration see OSHA
**Odontoma**
Erupted compound odontoma: review and case report. White CS, Rogers J. (1):43-44
**Operative dentistry**
Can a rational patient make an irrational choice? The dental amalgam controversy. Chiodo GT, Tolle SW. (3):184-187
Microleakage in amalgam restorations following burnishing, polishing, and time-varied thermocycling. Arcoria CJ, et al. (5):421-424
PCR pin-anchored anterior fracture restorations. Neumeyer S, et al. (3):200-202
Periodontal-restorative considerations in the management of gingival palatal inflammatory hyperplasia. Rada RE, Politis CL. (1):37-39
Rubber dam in clinical practice (book review). Reid JS, Callis PD, Patterson JS. (2):157-158
Subcutaneous emphysema involving a week-old extraction site. Forte PF. (3):238-240
Use of porcelain for treating a maxillary central diastema. Knight LD. (6):498-499
**Opioids**
Considerations for selecting effective analgesic regimens in dental practice. Becker DE. (2):111-116
**Oral surgery**
Adverse reaction to dental corticosteroids. MacKay S, Eisendrath S. (2):136-138
Autogenous transplant involving a supernumerary tooth. Cooper H, et al. (5):432-433
Surgical management of the fractured tooth. Allison EJ. (3):204-209
**Orthodontics**
Immediate provisional restoration during active orthodontic therapy. Malick AH. (1):48-49
Interceptive or deceptive (letter). Harnick DJ (2):96; (response to letter). Winland RD. (2):96
Inverse anchorage technique in fixed orthodontic treatment (book review). Carriere J, ed. (2):157
Play the devil's advocate (letter). Harnick DJ. (5):352
Wanted: opportunities to write for orthodontic journals (letter). Keller DC. (1):12-13
**OSHA, requirements**
Developing an effective occupational exposure policy for the dental office. Leonard RH, Jr., Eagle JC, Jr. (5):379-388
**Osteosarcoma**
Expansile bone lesion. Fantasia JE, Damm DD. (3):198, 252

## P

**Pain**
Ketorolac (Toradol) for dental pain. Wynn RL. (6):476-479
**Parulis**
Exophytic mass of the alveolar ridge. Damm DD, Fantasia JE. (1):52, 62
**Pathology**
Chronic lingual ulceration. Damm DD, Fantasia JE. (2):102, 148
Color atlas of common oral diseases (book review). Langlais RP, Miller CS. (5):440
Color atlas of orofacial diseases (book review). Tyldesley WR, ed. (1):67
Enlarging radiolucency associated with a third molar. Damm DD, Fantasia JE. (6):475, 521
Erupted compound odontoma: review and case report. White CS, Rogers J. (1):43-44
Erythematous zone of the floor of the mouth. Damm DD, Fantasia JE. (6):475, 521
Exophytic mass of the alveolar ridge. Damm DD, Fantasia JE. (1):52, 62
Expansile bone lesion. Fantasia JE, Damm DD. (3):198, 252
Linear erosions of the vestibule. Fantasia JE, Damm DD. (4):281-282
Lingual lipoma. Richardson WL, Mounsdon TA. (1):45-47
Management of dens evaginatus. Wong MT, Augsburger RA. (4):300-303
Multiple oral ulcers. Fantasia JE, Damm DD. (3):198, 252
Nodular lesion of the lower lip. Fantasia JE, Damm DD. (5):378, 435
Patchy erythematous mucosa. Fantasia JE, Damm DD. (4):281-282
Perforating soft tissue involving the crown of a maxillary incisor. Fantasia JE, Damm DD. (5):378, 435
Recurrent aphthous ulcers: etiology and laser ablation. Convissar RA, Massoumi-Sourey M. (6):512-515
Severe odontogenic infection associated with disseminated intravascular coagulation. Carter TB, et al. (5):428-431
Skin tumors may imitate infectious processes. Bowles WH. (2):132-134
Unusual presentation of non-Hodgkin's lymphoma in a patient with HIV. Rosenstein DL, et al. (1):40-42
**Patient care**
The high cost of "free" health care (editorial). Howard WW. (1):6
**Patient history**
Screening for cardiovascular disease. Hays GL, et al. (1):26-29
**Patient management**
Abuse of older persons: detection and prevention by dental professionals. Kelly MA, et al. (1):30-33
Audiotaped relaxation, implosion, and rehearsal for the treatment of patients with dental phobia. Horowitz LG. (3):242-247
Can a rational patient make an irrational choice? The dental amalgam controversy. Chiodo GT, Tolle SW. (3):184-187
Comparison of 3 automatic blood pressure screening devices. Standaert-Askins M, Quarnstrom FC. (6):496-497
Dental management of a patient with aplastic anemia. Imbery TA, et al. (4):316-318
Dental management of patients who receive chemo- and radiation therapy. Nguyen AMH. (4):305-311
Dental management of the heart transplant patient. Little JW, Rhodus NL. (2):126-131
Diminished autonomy: can a person with dementia consent to dental treatment? Chiodo GT, Tolle SW. (5):372-373
Radiographic techniques for presurgical assessment of dental implant sites. Kassebaum DK, et al. (6):502-505
Screening for cardiovascular disease. Hays GL, et al. (1):26-29
Soft-tissue management through effective patient subgingival bacterial control. Page LR, et al. (5):404-408
Suggestions for incest survivors in your practice (letter). Kay L. (1):8, 10
**Patient rights**
Ethics and its role in dentistry. Weinstein BD. (5):414-417
**Patient selection**
Radiographic techniques for presurgical assessmment of dental implant sites. Kassebaum DK, et al. (6):502-505
**Peace Corps**
Peace Corps recruiting dentists. (1):14, 16
**Pediatric dentistry**
Dental management of a patient with aplastic anemia. Imbery TA, et al. (4):316-318
Nursing difficulties related to ankyloglossia (letter). Coffin SA (1):12
**Periodontal therapy**
A review of the guided tissue regeneration concept. Phillips JD, Palou ME. (2):118-123
**Periodontics**

A new surgical needle for periodontology. von Fraunhofer JA, Johnson JD. (5):418-420
A personal remembrance of Dr. Louis I. Grossman. Shepard LI. (2):141-142
Periodontal disease: pathogens and host immune responses (book review). Hamada S, Holt SC, McGhee JR. (2):158-159
Periodontal instrumentation (book review). Pattison AM, Pattison GL. (2):159
Periodontal-restorative considerations in the management of gingival palatal inflammatory hyperplasia. Rada RE, Politis CL. (1):37-39
Autogenous transplant involving a supernumerary tooth. Cooper H, et al. (5):432-433
Soft-tissue management through effective patient subgingival bacterial control. Page LR, et al. (5):404-408
Sonic scalers: a review. Reed KL. (1):34-36
**Pharmacology**
Adverse reaction to dental corticosteroids. MacKay S, Eisendrath S. (2):136-138
Antidepressant medications. Wynn RL. (3):192-197
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
Corticosteroid therapy in general dental practice. Sinz DE, Kaugars GE. (4):278-299
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20; part two. (2):104-110
Drugs approved by the FDA in 1991. Wynn RL. (4):278-280
Geriatric pharmacology and dental implications. Mazer MS. (3):215-220
Ideas for Rx today: no sooner said than done (letter). Mayes JO. (2):96; (response to letter). Wynn RL. (2):96, 98-99
Ketorolac (Toradol) for dental pain. Wynn RL. (6):476-479
More praise for Rx today (letter). Lazarchik DA. (2):96
New drugs (self-assessment quiz No. 63). (4):333-335
Physician's generix 1992, 2nd ed. (book review). (3):257
Stamp of approval (letter). Chmar AJ, Hoffman G. (3):182
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Phenylbutazone**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20
**Phobia, dental**
Audiotaped relaxation, implosion, and rehearsal for the treatment of patients with dental phobia. Horowitz LG. (3):242-247
**Pins, dental**
PCR pin-anchored anterior fracture restorations. Neumeyer S, et al. (3):200-202
**Polymer, hard tissue replacement**
Clinical applications of synthetic bone in dentistry, part I. Ashman A. (6):481-487
**Porcelain, dental**
Use of porcelain for treating a maxillary central diastema. Knight LD. (6):498-499
**Practice management**
Changing dental requirements for glove selection and hand protection. Fay MF, et al. (6):489-494
Economic trends in dentistry, 1974-1990. Cliff JA. (5):410-413
**Prednisone**
Corticosteroid therapy in general dental practice. Sinz DE, Kaugars GE. (4):298-299
**Prevention**
Changing dental requirements for glove selection and hand protection. Fay MF, et al. (6):489-494
Diagnosis, treatment, and prevention of incomplete tooth fractures. Wright EF. (5):390-396
**Prilocaine**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
**Procaine**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
**Professionalism**
Building self-esteem (editorial). Howard WW. (3):174
Prepayment aggravations (editorial). Howard WW. (6):454
Tools vs. instruments, prices vs. fees (editorial). Howard WW. (5):350
**Propoxycaine**
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
**Prostaglandins**
Considerations for selecting effective analgesic regimens in dental practice. Becker DE. (2):111-116
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part one. Wynn RL. (1):18-20; part two. Wynn RL. (2):104-110
**Prosthetics**
Stabilized baseplates: a technique. Clem DB, et al. (2):124-125
**Prosthodontics**
Transitional dentures: a better immediate prosthesis leads to successful restoration. Pence B, Sr., et al. (4):319-323
**Psychology**
Audiotaped relaxation, implosion, and rehearsal for the treatment of patients with dental phobia. Horowitz LG. (3):242-247
Continuing education and patients with HIV: attitudes, perceived risk, and willingness to treat. Sadowsky D, Kunzel C. (3):212-214
Transitional dentures: a better immediate prosthesis leads to successful restoration. Pence B, Sr., et al. (4):319-323
**Public relations**
AGD SmileLine: a public service. Foti S. (6):474

## R

**Radiation safety**
State radiation safety laws and the dental office. Jones GA, Woods MA. (4):329-332
**Radiation therapy**
Dental management of patients who receive chemo- and radiation therapy. Nguyen AMH. (4):305-311
**Radiography**
Oral and maxillofacial radiology: radiologic/pathologic correlations (book review). Miles DA, Van Dis M, Kaugars GE, Lovas JGL. (2):158
Radiographic techniques for presurgical assessment of dental implant sites. Kassebaum DK, et al. (6):502-505
Use of a portable X-ray device during Operation Desert Storm. Jones TK, et al. (3):210-211
**Ranitidine**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Regulation, governmental**
HR 2691 prevents discrimination (letter). Lynne S. (1):13
State radiation safety laws and the dental office. Jones GA, Woods MA. (4):329-332
**Restorative dentistry**
Periodontal-restorative considerations in the management of gingival palatal inflammatory hyperplasia. Rada RE, Politis CL. (1):37-39
**Ridge augmentation**
Clinical applications of synthetic bone in dentistry, part I. Ashman A. (6):481-487
**Root canal**
Effective methods for drying root canals. Jerome CE. (5):400

## S

**Scalers, tooth**
Sonic scalers: a review. Reed KL. (1):34-36
**Self-assessment quiz**
Dentin-resin and metal-resin bonding.

(6):516, 519-521
Local anesthetics and drug interactions. (1):58, 60-62
Medical and dental emergencies. (2):147-152
New drugs. (4):333-335
Nutrition. (5):434, 436-438
Removable prosthodontics. (3):248-252
**Self-instruction program**
Amalgam-derived mercury. Ferracane JL (article and exercise No. 5). (3):223-229, 231-232
Bulimia: dentomedical complications. Ruff JC, et al. (article and exercise No. 3). (1):22-25, 55-56
Dental management of the heart transplant patient. Little JW, Rhodus NL (article and exercise No. 4). (2):126-131, 145, 146
Dental management of patients who receive chemo- and radiation therapy. Nguyen AMH (article and exercise No. 6). (4):305-311, 313-314
Diagnosis, treatment, and prevention of incomplete tooth fractures. Wright EF (article and exercise No. 7). (5):390-396
Praise for self-instruction (letter). Smith DT. (4):274
Radiographic techniques for presurgical assessment of dental implant sites. Kassebaum DK, et al. (article and exercise No. 8). (6):502-505
**Self-instruction program, answers**
Exercise No. 1. (1):63
Exercise No. 2. (2):153-154
Exercise No. 3. (3):233
Exercise No. 4. (4):315
Exercise No. 5. (5):399
Exercise No. 6. (6):511
**Specialty certification**
Praise for editorial on dental board examinations (letter). Boyd JS. (1):10
**Sphygmomanometer**
Comparison of 3 automatic blood pressure screening devices. Standaert-Askins M, Quarnstrom FC. (6):496-497
**State dental board examinations**
Praise for editorial on dental board examinations (letter). Boyd JS. (1):10
**Stomatitis, contact**
Patchy erythematous mucosa. Fantasia JE, Damm DD. (4):281-282
**Surgery, oral**
Clinical applications of synthetic bone in dentistry, part I. Ashman A. (6):481-487
Surgical management of the fractured tooth. Allison EJ. (3):204-209

## T

**Temporomandibular joint**
Anatomical atlas of the temporomandibular joint (book review). Ide Y, Nakazawa K. (5):441
Arthroscopy of the temporomandibular joint (book review). Thomas M, Bronstein SL. (6):522
Temporomandibular disorders: diagnosis and treatment (book review). Kaplan AS, Assael LA. (4):339
The temporomandibular joint: a biological basis for clinical practice (book review). Sarnat BG, Laskin DM (eds.). (4):340
**Terfenadine**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Thiazide**
Dental nonsteroidal anti-inflammatory drugs and prostaglandin-based drug interactions, part two. Wynn RL. (2):104-110
**Tooth, anterior**
PCR pin-anchored anterior fracture restorations. Neumeyer S, et al. (3):200-202
**Tooth cusp, talon**
Unusual mandibular lateral incisor. Damm DD, Fantasia JE. (1):52, 62
**Tooth extraction**
Adverse reaction to dental corticosteroids. MacKay S, Eisendrath S. (2):136-138
Third molar extractions: conflict of interest? (letter). Panzarella CT. (3):176; (response to letter). Weisenfeld M. (3):176, 178
**Toothbrushing, subgingival**
Soft-tissue management through effective patient subgingival bacterial control. Page LR, et al. (5):404-408
**Tooth fracture**
Diagnosis, treatment, and prevention of incomplete tooth fractures. Wright EF. (5):390-396
PCR pin-anchored anterior fracture restorations. Neumeyer S, et al. (3):200-202
Surgical management of the fractured tooth. Allison EJ. (3):204-209
**Tooth, premolar**
A three-rooted mandibular second premolar. Fischer GM, Evans CE. (2):139-140
**Tooth resorption, internal**
Perforating soft tissue involving the crown of a maxillary incisor. Fantasia JE, Damm DD. (5):378, 435
**Tooth restoration**
An inexpensive method of drying etched enamel tooth surface. Plack WF III. (5):402
Microleakage in amalgam restorations following burnishing, polishing, and time-varied thermocycling. Arcoria CJ, et al. (5):421-424
Use of porcelain for treating a maxillary central diastema. Knight LD. (6):498-499
Tooth restoration, metallic Galvanic action. Caso JS. (5):426-427
**Tooth, supernumerary**
Autogenous transplant involving a supernumerary tooth. Cooper H, et al. (5):432-433
**Tooth transplant**
Autogenous transplant involving a supernumerary tooth. Cooper H, et al. (5):432-433
**Toradol** see Ketorolac
**Training, dental**
Building self-esteem (editorial). Howard WW. (3):174
**Traits, racial**
Management of dens evaginatus. Wong MT, Augsburger RA. (4):300-303
**Transplant, autogenous**
Autogenous transplant involving a supernumerary tooth. Cooper H, et al. (5):432-433
**Trauma**
A new surgical needle for periodontology. von Fraunhofer JA, Johnson JD. (5):418-420
**Trauma, mucosal**
Bulimia: dentomedical complications. Ruff JC, et al. (1):22-25
**Tricyclic drugs**
Antidepressant medications. Wynn RL. (3):192-197
**Tumor, skin**
Skin tumors may imitate infectious processes. Bowles WH. (2):132-134

## U

**Ulceration**
Chronic lingual ulceration. Damm DD, Fantasia JE. (2):102, 148
**Ulcers, aphthous**
Multiple oral ulcers. Fantasia JE, Damm DD. (3):198, 252
Recurrent aphthous ulcers: etiology and laser ablation. Convissar RA, Massoumi-Sourey M. (6):512-515

## V

**Vasoconstrictor**
Antidepressant medications. Wynn RL. (3):192-197
A review of local anesthetics. Ayoub ST, Coleman AE. (4):285-290
**Verapamil**
The top 20 prescribed medications in 1991. Wynn RL. (5):374-377
**Virus, human immunodeficiency** see Human immunodeficiency virus

## X

**Xerostomia**
Bulimia: dentomedical complications. Ruff JC, et al. (1):22-25
